

Pipeline Safety

If you are planning to carry out works near or on the easement, please contact us at least 2 days prior for minor works and 7 days prior for major activities.

“Let’s help each other be safe”

Please Do

Contact ‘Dial Before You Dig’ on 1100 or EIM on **1800 005 445**

- Let us know if you have any concerns or want our assistance
- Call us if you are going to dig or excavate near the pipeline
- Call us if you want to move heavy loads or machinery over the pipeline
- Report any erosion or damage on the pipeline easement
- Report any damaged signs, fences or gates on the pipeline easement

Please Don’t

- Dig or excavate over or near the pipeline without talking to us
- Build fences or erect structures across the easement without talking to us
- Plant trees or shrubs on the pipeline easement
- Remove or move danger signs
- Move heavy machinery or loads over the pipeline without talking to us
- Allow the easement to be used as a road
