

QUALITY POLICY STATEMENT

OUR COMMITMENT

EIM is a specialist company that offers a fully integrated gas transmission service, through the design, development and provision of pipeline services encompassing pipeline engineering, inspections, operations and maintenance of gas transmission infrastructure.

EIM are committed to providing a quality service for our clients and shareholders by ensuring adequate resources are made available to comply with all relevant Legislation including AS2885 Pipelines: Gas and Liquid Petroleum; and client expectations.

In order to adhere to the provisions of this policy, and ensure continuous improvement, EIM will maintain certification to AS/NZS ISO9001.

EIM will ensure that all relevant legislative and statutory requirements and advisory standards, required to operate in the petroleum and gas industry, are met.

EIM's occupational health and safety policy is available to stakeholders and the public.

OUR ACTIONS

In order to achieve this commitment EIM will:

- Maintain its AS/NZS ISO9001 certification.
- Set quality objectives in the Quality Management Plan and individual Project Management Plans and monitor these at Management Meetings and Client Review Meetings.
- Induct staff into the quality management system within EIM.
- Commit to continuous improvement of its Quality Management System.
- Make this quality policy available to stakeholders and the public.
- Review this policy for continued suitability every 2 years.
