

A photograph showing two construction workers in high-visibility yellow and blue gear and hard hats working on a pipeline installation. They are positioned near a large red valve or wellhead in a trench. The image is partially obscured by a blue curved graphic element.

## OCCUPATIONAL HEALTH AND SAFETY POLICY STATEMENT

### OUR COMMITMENT

EIM is a specialist company that offers a fully integrated pipeline service, through the design, development and provision of pipeline services encompassing pipeline engineering, inspections, operations and maintenance of pipeline infrastructure.

EIM are committed to providing a healthy and safe workplace for all employees, contractors and subcontractors, visitors and the general public. Ensuring adequate resources are made available to comply with all relevant Acts and Regulations and to ensure that the workplaces occupied by EIM are safe and without risk to health.

In order to adhere to the provisions of this policy, and ensure continuous improvement, EIM will maintain certification to AS/NZS 4801 Occupational health and safety management systems.

EIM will ensure that all relevant legislative and statutory requirements and advisory standards are met.

EIM's occupational health and safety policy is available to stakeholders and the public.

---

### OUR ACTIONS

EIM will continually monitor and review compliance and all other aspects of the safety management system including:

- OHS training and education
- Risk identification and mitigation strategies
- Job Hazard Analysis and Safe Work Instructions
- Emergency Awareness
- Provision of OHS equipment, services and facilities
- Workplace Inspections and Evaluations
- Plant and equipment Management
- Reporting and Recording of Incidents, Accidents, Injuries and Illnesses
- Provision of information to Employees, Contractors and Sub-Contractors
